GS- Group level version: **004010VICS**

Note: SEGMENTS ONLY SENT IF DATA IS AVAILABLE.

1. Purchase Order Verification: This feature should be activated in order to keep from shipping duplicate purchase orders. Duplicate shipments will be rejected at the vendor's expense.
2. The ISA control number should be unique by trading partner. It should not be unique by document.
3. The GS control number should be unique by document type.
4. The return 997 should be a transaction level 997.
5. If the UPC is incorrect in the purchase order do not correct it on your end.
  - a. Contact your buyer
  - b. Have the buyer correct the UPC
  - c. Delete the original purchase order
  - d. Have the buyer send the corrected purchase order.

If you receive duplicate purchase orders contact the Bass Pro Shops EDI department at [EDISupport@basspro.com](mailto:EDISupport@basspro.com).
